January 2020

Greetings and Happy New Year to all LPSA Members. We hope this letter finds you healthy, happy and looking forward to a wonderful year 2020.

Please take the time to renew your membership for 2020. We have maintained the costs at the current level of \$15 per person, \$20 per family, and \$30 per business. The Business membership includes advertisement in the directory, newsletters, and the web site. This is a great way for our members to easily find and employ and support local businesses.

We have a new web site up and running. We hope all members will use the many advantages of it. It includes many articles, educational links, photos, and general information that is invaluable. Please take some time over the winter months to peruse all the links. It is also a wonderful educational tool for our children and grandchildren. LPSA-NY.org

Additionally, there is a secure, "members only" section. Each member is encouraged to set up their personal login during the first visit. You can also make changes to your profile should you change your address, phone, email, or have any personal life event change to your status. You can also pay your membership, sign up for luncheons, or other activities with a secure Pay Pal account or credit card. This really helps keep down administrative costs for the organization.

We are working diligently on minimizing the nutrient run off into the lake and thus the ever growing concern of vegetation growth in our waterways. Landowners who are lakeside are the first line of defense. However, all residents and village or town activities impact our precious water sources. At our June 28, 2020 Luncheon at Oak Mountain, Caitlin Stewart will be making a presentation on all the steps we can take on our properties to help keep our water sources clean. She will have suggestions of plants and buffers that minimize stream, creek, and lake impact. Please plan to attend. Invite your neighbors too! All residents of Lake Pleasant are welcome.

Finally, our membership dues do not cover all the project costs for LPSA. Please consider making a donation to LPSF, our 501c3 entity. All donations are tax deductible. Donations can be made directly on our web site. (LPSA-NY.org)

We thank you for your continued support of LPSA for our lakes, environment, and Village and Town. There is a downloadable application for LPSA membership that you can send to all your friends.

Feel free to contact us with any questions or concerns. LPSA.ADK@gmail.com, or LynLPSA@gmail.com.

Best Regards,

Lyn Van Druff
